“ I miss you so much and time does not make it easier. I love you so much and I am so lonely without you here. Time after time I want to pick up the phone to ask your opinion or tell you something going on in my world or just hear your voice I felt like it was me and you against the world for so long it's hard to keep flying this path alone I'm so sorry that I was out of town and you didn't wait for me to come home and help you I've always looked out for you and I wasn't there when you needed me the most. I know you're in heaven with all the family we loved and you no longer live with pain and limitations that didn't allow you to do the things you wanted to do. I will see you again some day I love you my baby brother.
