“Joyce Bolling and I became friends through Kappa Kappa Iota. She was State Treasurer for many years. She was a State President and very active on the State and National levels. When I was National President she was my rock. We attended many National Convention together. Often we traveled in her van. She would come to my house or I would go to her house to spend the night before filling the van with others traveling to convention. Our deal was she furnished the van, I did the driving. Since my birthday usually occurred during convention time, I spent many more birthdays with Joyce than with my family. She was a wonderful friend, a special lady. I have missed my friend.
