“ I remember me & my mom and my two children would sit on my mommas porch and she would tell me a lot of things, that happened in her childhood life. Sum was good, some was not good. She talk about how they used to sleep on the porch outside and no one messed with them
But she said to me, u can't do that now. I said nope u can't. We laughed together
These are the time I will remember my mom life and memories.

“ My beautiful ROSE would leave her Bible open on a different scripture every night. She loved the lord and she called upon him everyday throughout the day. I even remember her cutting up collar greens in the kitchen and be rocking and patting her feet singing church hymns. You're truly be missed and will be forever in our hearts. You're resting in your home and i know you're joyful now.

“ There's so many memories.... but the one I can share is grandma and Unc Larry always wanted to be the first ones in and out of the stores. If we went to clothing stores James, me, kita, and Tori would be under the rack playing under the clothes. Grandma would give us a look and then tell us to get from under those clothes. We would laugh and take off running and get under another rack. I don't know what it was about us playing under the clothing racks, but those were the good old days.

Yep that was fun. Sometimes I would be sitting in the buggy because I was the smallest and I would want grandma to take me out so that I could run around with yall.

“ *My aunt was always there for us in our youth and took great care of us. The best snacks were always at Auntie's house. She was such a peaceful and loving presence. Though we will miss her, I thank God she is whole again and united with her loved ones who have passed on.*

Yeah she was. Loved unconditionally. Those years we grew up together under her roof were some of the best years of my life. I dream the 4 of us are back in that house with her again all the time.
