“ Archie’s wife Rena was my morning manager at McDonald’s from 1980 to 1985. She was a second mother to me during those years and I cherish the memories. Archie would stop by the store and visit with Rena during her break, normally after we transitioned from breakfast to lunch. Their special bond was quite evident. On one occasion, while I was putting up lights for Christmas, Archie told me the lights would have to come down as they were a violation of code-I did not catch on it was a joke until after heading back outside to start taking them down. Rena, I pray for God’s comfort and healing to you and the rest of the family. You and Archie both will always hold a very special place in my heart.

“ Rena and family, I share your loss, Archie was my mentor when I arrived at Maxwell AFB in 1961 from overseas. His encouragement and interest in me during this time was most welcome. He was in the Inspection department and helped me learn the base as was required by the fire department. I was privileged in serving with him and knowing him. I was really proud of his accomplishments with the Prattville Fire Department after retirement, he was very important in making it what it is today... You are in my prayers during this trying time and please know God heals all hurts. Leonard and Gayle Shults, SMSgt. USAF Montgomery, Alabama

Jerry, I know this was expected but that doesn't make it any easier to accept. Know that your father is with The Father and is at peace. Keeping you and your family in my thoughts and prayers.
