“ I served with Benny on the USS ORISKANY. We were in the crash crew together. We were very close during during those 3 years. I was planning on going to see him after the first of the year. But when I called the old number I had it was disconnected. So I searched for him and found out he had passed. Please my condolences to his surviving family I can be reached at 9123473193 if any of his family members want to talk.

“ I visited with Benny at his new home in Arab and met his wife Patsy a few weeks ago. This was my 1st time there and as we chatted I noticed a picture by the television and I commented that I didn't know they had went on a cruise for their honeymoon. Benny laughed and said that was a picture of him and Sybil. Patsy and Benny both said Sybil was part of his journey thru life and it didn't bother her because she had her own journey. And both were very happy that they found each other again after that Sunday drive years ago before life took them on separate paths. He and Cupid were very happy on the farm- like area. Benny showed me the animals and told me about he and Patsy roaming the land around their home. Benny reminded me so much of Daddy. I'm sad but I know he's in heaven with Daddy and his family. I love you and will miss you.
