“ *This will forever be my most favorite picture of the two of you. She was the sunshine of your life and you are her hero. You two had such a sweet, unbreakable bond. You were my first love and she was my second. Every memory that all 3 of us made in the 6 years we were together will always be cherished by me. You still hold a piece of my heart and she holds my whole heart. You're her guardian angel now and I know you'll protect her just like you did when you were here and I'll be always be there for her as well, you know that. You are and always will be loved and missed by so many. Until I see you again, sleep sweet Brick.*

“ Bobby you were a wonderful father to our beautiful daughter. I could see the love you had for her from the moment you held her. You will live on in her. We were each others first loves and even though it didn't work out, I will always hold that small special place in my heart for you. RIP and keep a watchful eye on our baby girl.

“ *Bobby, you will fondly continue to live in our hearts. We are so proud of your accomplishments in the Air Force. We also remember how proud we were of you, when we attended both your graduations from Downey High School in Modesto California and military boot camp in Houston Texas. We also know that family life was one of your priorities. We will miss our dear Bobby very much and find solace in knowing that our dear grandson Bobby is in good hands in the Lord's eternal residence in heaven.*

“ A few of us out on the lake back in our Barksdale days. I remember Kalie (sorry if I ms) had a blast, she always had so much energy and loved to laugh. You were the greatest of fathers and that's what Joaquin and I will always remember most. We are truly at a loss for words but we are praying for your family and all those who loved you. May you rest in God's presence and his peace find a place with those you love.

“ Bobby has been my best friend for 25 plus years. The obituary does not even begin to shine light on the great man we have all lost. His devotion to his daughter his true love was like something out of a fairy tale! The man was hard working, kind, giving, and the world's best daddy. As young man he was a great football player. There was nothing Bobby couldn't do. When we were kids he was so helpful, I never met anyone else that at 8 years old was more concerned with being the man that his mama, grandma, and sister needed. My heart aches not just because I lost my right hand man but for all the people that were not blessed enough to have had this amazing man touch their lives. He had so much more to accomplish. My hope for you Bobby is that we find you the peace you deserve. I love you Bobby you will be so greatly missed.
