“ I met Dave while playing in the Wetumpka and Prattville Pops bands. We were both Sax players so I got to know Dave well. He was a very good player and fine gentleman. He will be missed.

“ As a child I spent a lot of time with Keith and Kreg. Uncle David and Aunt Jean were like second parents to me growing up. I love him dearly and cherish the memories I have of him. So many great times we had, as a child and visiting with them as an adult. I thought it was the coolest thing being able to go on a trip in the tour bus he drove. Doesn't seem that long ago we were celebrating the 40th birthday party of Daddy, Uncle David and Aunt Jean together. Us boys thought they were so old. Haha. So many things to laugh about when looking back. He will be truly missed. But I know one day I will dine with him at The Master's table.

“ I met David when we were in the ninth grade at Brewster Vocational High School in Tampa. With David's last name being LeMaster and mine McGregor, we were assigned to the same homeroom, and therefore shared many classes together. David and I both selected Radio Shop as our vocation, and for three years, we shared three hours a day in shop class together.

David and I were also members of the Brewster Band for four years. During our senior year David was Drum Major, and I was Band Captain. I have many fond memories of David. One of which was the time we marched in a parade in Zephyrhills. After the parade we had some free time, so we went to the town park. The park had a small bandstand so David, being a talented Saxophone player, stood up and started playing the song "Yakety Sax". As the music traveled across the park a large crowd gathered around to hear him play. Every time I go by that park I can picture David playing his Saxophone on that day.

Jean and family, we are sorry for your loss. David was a very special person, and will always be remembered.

“ I had the pleasure of working with Dave for two years in the Alabama Division FHWA-OMC. We were a tight knit group, Judy ,Dave, Bill, Kay , and Tony. Everyday was fun and never boring. He loved his family and always had a story to tell us after he came back from a weekend in GA. He was so happy when they all moved to AL. You will be missed.

“ *David and I started at the US Department of Transportation together in 1987 as part of the 5th Academy class of the agency. I lived in Atlanta at the time, and I always remembered that he was from Toccoa, Georgia. We both survived Oklahoma City and went on to retire from the Federal Motor Carrier Safety Administration, he in Alabama and me in Arkansas. Rest in heaven David, it was a pleasure knowing you.*
