“ Michelle, Brad and I worked together at State Farm in the 80s, just on the phone. He was my go to guy with questions. Always helpful and pleasant to talk with. Years later, my parents would talk about new friends, Brad and Marion. Best of friends. After seeing them at my folks place a lot and getting to know them...I started realizing that this Brad and that Brad were indeed the same person. We had a big laugh about it once we realized we already knew each other. You will never know the impact your parents had on my family. We all had fun together and they are such a huge part of our memories. We loved them both very much. Prayers ❤️
