“ *Felicia, Leslie, Paul, and Sarah, I am so deeply saddened with the tragic and all too soon loss of our Mike. He and I grew up very close, more like siblings than cousins. We were only 10 months apart in age and we two of the single most obnoxious kids you could imagine from the time we were about 7-11 years old. We would laugh and get into all kinds of "kid trouble" together. Often times we would have to be separated to keep the rest of the crew from going crazy! We also worked together in PA for Blount Construction which brought me to Oklahoma and him to Alabama. Over the years we may have lived miles apart, but we never lost real touch. I remember how much he beamed and shared tears of joy when each of you were born. Oh, how he loved you all so! He was very proud of all of you. He was always very loving and had the kindest and sweetest heart. Always laughing and loving is how I will always remember him. So many wonderful memories of a great friend, cousin, son, Father, and Husband. GO REST HIGH MY LOVE AND KEEP ON SMILING THAT BEAUTIFUL SMILE!*

“ Felicia, My heart aches for you and the family. I knew you and Mike when you first met in Pennsylvania. You and Mike were my neighbors. I remember when we met. Seems like yesterday. Mike's family has been a family to me since then. I cannot imagine life without any of you in it. I am so devastated by this, crying my heart out and wish I could be there with all of you. I am sending flowers, I hope they get there in time. I just found out tonight when Jim messaged me on facebook. My prayers are will you and the kids and the whole family. All my love!

“ Felicia, our hearts are broken for you and your family. We were devastated to hear about Mike. We didn't know him personally, but we have heard so many good things about him and what a good family he help create and nurture, so we felt like we knew him through your Dad and Mom who loved him dearly. Please know that we love and care for you, and prayers are being said for God's comfort and peace for you and your family.
