“ My loving sweet beautiful Morgan. We only got the chance to have known each for the last 3 years but it felt like a lifetime. We shared so many laughs, tears, good times, bad times and sad times. You were such a beautiful soul with a huge heart. You were my rock in my most painful moments when I didn't know what to do. From our long nights working at cookout to our nights of painting and just listening to music all night talking about life. I will cherish the times we had and will always remember the bond we had. You were like my soul sister. You knew me better than I knew myself. My heart is completely shattered but I know you're at peace now. You are now a beautiful angel watching us from above. I love you so very much and miss you tremendously. I will never forget the talks we had and the plans we made. My world will never be the same without you. Until we meet again watch over us and rest in paradise. I love you so much and miss you more than you even know. ☐
