“ Buddy was very special to me ever since we lived in prattville and mom and I would visit each summer. I had lost touch with him but Sandra placed a call to him when we were together I think 6 years ago. Buddy and I called each other weekly and shared cards and I love to do handmade gifts. I gifted him some thru the years. He was always appreciative of my contact. We discussed many things. He shared his love for sister Sandra/ but called by her nickname. They visited every Friday with goodies for him and some of others in the home. I will truly miss him. You don't get that many special people in your lifetime. I cherished him as a great person.
He loved his caregiver and friend , sorry bad with names, but sure she will comment here. Thank you for being his adopted family.
Your care of buddy went above your working there. He appreciated and loved you very much.
Ok time to say bye to my friend, they are having a giant get together in heaven with all who will meet and welcome him.
Love you Tiny Jean and Ellis, your crown has another jewel for your caring and love for your brother.

“ He was a good hard working man. As his daughter he taught me so much and was always there for me! He knew how to pick and play at you & get you wound up, then start laughing. Going to miss him so much and I know he's with my mom now and is at peace. Love you Daddy!!
