“ I worked at Auto-Owners in Lansing Michigan and had the opportunity to work with Becky in Montgomery when we had training sessions for underwriting. I loved her sense of humor, and we became friends and kept in touch until I retired in 2019. I was saddened today to see her in the Memoriam section of the March Memo publication for employees/retirees. She was such a beam of sunshine, and loved her family dearly. I know Becky will be forever missed by family and close friends.

“ I was so saddened to hear about Becky's passing, she was such a joy to work with and I always loved her spirit! She adored her daughter and grandson and that is something we shared about often. She also shared the loss of her son who she lived so deeply. She will be missed greatly and I am sure she is at the throne of God waiting to be reunited with her loved ones and I know she is so happy to be with her son. She was one of a kind and we will all miss her! Sherre Meadows

“ *There are so many memories of Becky and me...where would I even start!! She trained me in insurance. Remember her telling me when they told her about me she asked how much I knew about ins...."none" she was told...and she just shook her head. As we grew to know each other we became best friends. She was there for me through several happy and sad times as I was for her. But through all we did together her best was introducing me to jim....my now husband of 31 years. She stood up beside me at our wedding. We remained friends and went to so many things together. People in the office did not know me well...could not beleive she hung out with me. All she told them was " oh she's totally different away from the office. She's a hoot! I was so totally thrown when I heard about her passing. She was so happy. She will be missed*
