“ *Miss Sara, (and family)*

*My heart goes out to you during this very difficult time. I have been praying for Reggie and you for quite some time and will continue to lift you and the family before the Father. I am so saddened that you are going through this, but I know that the Lord is comforting you and loving on you. What a wonderful reunion we will have with those that we know have gone Home to our blessed Savior! And it will be soon! I love you!*

RO

“ *My heart goes out to you and your family, Sarah. I am so sorry to hear about your loss. You always have a big, beautiful smile on your face and I hate that anything has come into your life that would make you sad. Be comforted in the fact that we, God's children, will soon be snatched out of here and all be together again. That is what I comforted myself with when I thought of my 3 children that have gone before me into the presence of God. That is the only thing that brought me any comfort. So, just remember the times we are in.... it's almost over my sweet sister! This is just a "see you soon"... not a "goodbye". I love you! My prayers are with you and your family.*

---

TB

“ Sarah, I love you and all your family dearly. Your family has been a great blessing to my family for many, many years. Reggie was a very special friend to me. I will miss him greatly. I will carry his memory in my heart with a lot of smiles and laughter. He was quite a character!

*My prayers are with you as you cope with the coming days.*

*Psa 116:15 Precious in the sight of the LORD is the death of his saints.*

---

JO

“ I want to send my deepest condolences to the Kendrick family. My heart goes out to you all during this difficult time. Mr. Reggie was a great person that I have many fond memories of and he will be greatly missed by everyone that knew him. I know that he is in a much better place, but I also know that the separation for now is still very difficult. I love you all and my prayers are with you.

*Mat 5:4 "Blessed are those who mourn, for they shall be comforted.*
