“ Tony was a great man and a good friend. I was a Georgia State Trooper and worked with him doing the football games in Atl for many many years. Sadly we lost touch. Recently I tried to reach out and find him and was saddened to learn of the news 4 years later. Great memories of my old friend. God bless Larry Schnall Ret Ga State Patrol.

“ Tony was one of a kind. So professional and thorough, yet so down to earth and a true human being. I will always be grateful for his patience and interest in teaching someone who has a true interest in accident investigation. He was always there for fellow officers, no matter how busy he was. I am still stunned to hear of his death. I am so thankful that God allowed me to know and work with Tony both as a trooper and as a friend. He will always be remembered. To his wife and family, I offer my sincerest condolences. If you need anything, please do not hesitate to call.

“ I've known Tony for less than a year. We investigated a couple of traffic crash cases here in North Florida.

THI Bear was a great guy to work with.

“ I worked with Tony for a number of years. I am deeply saddened and was stunned to hear the news of Tony’s death. He was one of the good guys. Tony had character, integrity and a “presence”.

I considered Tony my friend, not just an expert witness. Whenever he was in the area, even on a case for someone else, he would call and ask us to have lunch or dinner with him. He loved to eat at TJ Ribs here in Baton Rouge.

I talked to him often by phone. I always enjoyed the conversations. They covered numerous topics, from work to sports to firearms to music.

You could count on Tony to be thorough, well prepared and solid in his work and trial testimony.

He would also tell you that your case had problems, if it were true. He would not just provide you with an opinion that you wanted.

He had too much integrity for that. He was a fantastic witness in the courtroom. His presence dominated the room. He was larger than life with that deep voice and his extensive knowledge of the case. He had the jury's full attention.

I will miss him. As great as he was as an accident reconstruction expert, I feel the loss of Tony the man, my friend.

They don’t come any better than Tony. He was a great guy.

I am glad that I got to meet him and work with him. It was always one of the best parts of my job. He is gone way too soon. My condolences to Jackie, Kasi and family.

Rest in peace, Tony.

“ *As I write this, I am still stunned from the news of Tony's passing. He was always so vital and bigger than life. We first met when he was assigned to Jasper as a Trooper and we bonded over our common love of fine firearms. He quickly impressed me with his character and dedication. Sometimes with our common friends it caused confusion over which 'Tony' was being talked about. He was a great friend and leaves some great memories. i still chuckle over some of his long ago jokes to this day. He made everyone a little better just from having known him.*

To Jackie, Kasi, and extended family, I send my sincere love and prayers.

“ *Jackie & Family,
Tony and I go back to his days working at the dry cleaners and his dispatching career at Troy PD. Through his years with DPS we remained friends and we helped each other whenever we could. Tony enabled me to attend numerous schools in the field of accident reconstruction. His contribution to my left personally and professionally will never be forgotten. For this I will ever be grateful. He rarely came to Troy that he didn't give me a call. Thank you and your family for sharing Tony with me and my family.*

“ I was saddened to hear the unexpected passing of Tony. I first met him as a member of the Walker County Rescue Squad. I worked numerous wrecks with him while he was a trooper here. “ I write this with a sad heart and still stunned feeling. I am so proud to have introduced Jackie & Tony to each other. A young Trooper, just out of the Trooper Academy, he was stationed in Jasper (Walker County) and temporarily living at the funeral home, as was customary for new Troopers to do. He knew no one. As a Dispatcher at the Bham office, I thought my sister, Jackie and he should be friends. Their first date consisted of going out to eat pizza, going to a movie and then bowling --- because that's how TONY did things --- B I G !!! He and Jackie continued to date; get married; and have an amazing daughter, Kasi. Tony continued to do BIG things. He rose through the ranks with the Troopers to Lieutenant. He excelled in the Traffic Homicide Unit; and upon his retirement started working as a Reconstructionist Expert in the field of traffic accidents. He taught other officer throughout the world. He eventually formed Stephens Consulting Agency, which is well respected in the Law Enforcement & Legal fields throughout the country. When he was teaching a class, he was literally in his element. He loved teaching and helping other officers. He had a tender heart for elderly people, and a really, really tender heart for animals. (Mostly dogs). He raised several dogs, who were treated as a family member, and he leaves behind the family's most recent addition - Taz. Tony loved to play, travel and spend time in Disney World. He worked very hard, because he loved to play even harder !!! He was the Trooper escort for the AUBURN FOOTBALL TEAM for 18 years -- a job he enjoyed more than anyone will ever know. He LOVED and ADORED his wife, Jackie-doll. He IDOLIZED his daughter, Kasi. He was the epitome of a "Doting Daddy." He was a good brother-in-law to all of our family. He always took such good care of me in my times of trouble, and I will be eternally grateful for his love, support and guidance. If you did not really know Tony, you may not understand the fun side of him. He was a prankster, who could dish it out and take it as well. He just lived life to the fullest - every single day -- to the fullest !! His passing will leave a void that will never be filled. But -- we all have MEMORIES --- and that will help sustain us. Please pray for his wife and daughter Jackie & Kasi, as well as his soon-to-be son-in-law, Chase Williams. Tony will

be missed --- but never forgotten. I love you Tony Stephens -- and you knew that !!! I am reminded of a song: He Ain't Heavy - He's my Brother. That pretty much sums it up. He was my brother !!!

PS

“ Jackie,

I am one of Tony's cousins, Phil Stephens. Tony and I played together as boys and his dad was a favorite uncle to me. Tony and his family lived in Troy and would visit us in Montgomery from time to time. We always had a great time together. We were a part of the kids running around and getting into things at the family reunion. Tony was always a bit quiet but enjoyed having fun like all the rest of us. I hate that time and distance has kept us from knowing each other better but please be assured of our prayers and concern for you and your daughter. May God's comfort be yours is our prayer.
