“ I am not positive but I think I knew Susan in 1981 when she worked for me at my printing company there in Prattville. At the time I think she was in her early twenties and beautiful. I remember her little girl back then. I knew her such a short time but fell in love with her she just never knew. I am so saddened if this is the Susan I knew if not my deepest condolences to her family. My name is Charlie sydnor in case she ever mentioned working at my printing company

“ I just learned that Susan has pasted.I am in shock and I am hurting very bad..I can't believe Susan is gone,I do know She went to Heaven because we talked about Jesus and the bible all the time.I visited Susan on Mothers day from B'ham where we lived together years ago.Susan is the love of my life and she knew it.We started spending time together again when I moved back to P'ville.4 yrs.ago.Our relationship this time was about Jesus Christ.We talked about the day we would pass on and what would happen when we got to meet God and Jesus and every body else.My prayers go out to Ali and family..I will miss her very much, I no Susan is no longer suffering.She is with GOD and this makes me smile.I told her I would play our favorite song,Fire and Rain if this day ever happened. and I will shed a lot of tears.

Tony I read your comment about Susan and I believe I knew her back in 1981 in Prattville. I think she would have been maybe 24 or 25 and she worked for me a short period at my printing company on memorial drive. I like you fell in love with her but I never let her know. If this is the same girl it breaks my heart too. What a beautiful person she was both inside and outside. I wished I had spent more time with her

“ I have not seen Susan for a long time. But my thoughts are filled with memories of a kind, unique, very special soul, that I had the privilege to know. My prayers go out to her, and her family and friends, on this sad occasion.

“ Oh dear sweet Susan, how you will be missed. I am proud to have known you and to have shared in your healing process as you shared in mine. Dance with Jesus my sweet sister. I will always treasure your smile. One of my fondest memories is when it was just you and me and one other person (sorry I can't remember) 'snuck' over to the Naughty Donkey Coffee place after one of the PJC runs when you were just getting started there. :)
