“ I'm so sorry for your family's loss. When I started at FPC Montgomery, he struck me as such a serious and straightforward man- however, he always made me laugh and was quick to invite me to the Waffle House!

He knew absolutely EVERYTHING, and if I had any questions, I was directed to him 😊

He was a true asset, and a pleasure and honor to know.

May the family find comfort, peace, and rest 🕊️

“ *I thank God for allowing me to meet you. I thank you for raising an excellent man in whom I see every day your sense of humor and excessive love that you gave him and taught him to give! so many memories and moments of happiness are with your presence in them! God has decided that physical time is enough to share with us so we will see each other in eternal rest, an angel joins heaven! we'll love you forever*

“ Bill Is one of the most memorable people of my life with waffle house of 25 years. His love his joy his respect has helped me through so many obstacles. He lights up our day everyday he walks in you have to say Bill I love your shirt And immediately get to him with 3 glasses of tea Heavy ice and we have to say oh by the way there's no charge for the heavy ice 🍷 So many memories I could share but the most important memory is all the ones he gave us and we are thankful that he was a gift given to us to share over the years God is good. Rest well My Luvvvvvv Brandi has your back and your wishes (Well done)
