“ Dad its took me a minute to gather my emotions to send you a farewell but I want to thank you for being a part of my life for 39 years. You will always be in my heart as I carry you through the the good and bad times left to come in my life. You were always there for me and never missed a baseball or football game and you always had my back in whatever it was. Im very fortunate and humble that you stayed in Jessica and my life throughout the years. I think about you everyday and miss you more than you'll ever know but I have peace in my heart knowing you are out of this pain and living free of pain up there in heaven with our Lord bad Savior. Rip Pops. We will all gather there in heaven one day and I will always missed you calling me ROOK!!! during those games that you coached and watch me play in. I couldn't have asked for a better Dad and loving father.

“ I met Billy about 17 years ago while he was in law enforcement. He was always nice and friendly. He fought this battle as best as he could. While many of us are going to miss him, we also know his battle is over and he's free of that ugly "C" , with no more pain and suffering . We will meet again one day Billy. For now you can finally rest my friend .
